

Kelzang Ugyen Dorji

"A job is great adventure when one can keep on learning through it."

PERSONAL DETAIL

DOB	6th Sept, 1995
Gender	Male
Permanent	
Address	Nangmalang, Zobel, Pemagatshel
Mobile No.	17565476
Email id	kuding755@gmail.com

EDUCATION

2016–2020	B.E. Electronics and Communication Engineering , College of Science and Technology, Phuentsholing, Bhutan, Aggregate – 63.77%
2015	Class XII, Dungsam Academy, Samdrup Jongkhar, Bhutan, Aggregate – 72.75%.
2011	Class X, Lhuentse Higher Secondary School, Lhuentse, Bhutan, Aggregate – 70.4%.

WORKSHOP/CONFERENCE

- 2018 **BHUTAN-1, Workshop.** *College of Science and Technology, Phuentsholing, Bhutan- Attended.*
- 2019 **Fablab Bhutan, Workshop.** *College of Science and Technology, Phuentsholing, Bhutan- Attended.*
- 2021 **ICSciEnTec, Conference.** *College of Science and Technology, Phuentsholing, Bhutan- Attended.*
-

WORKING EXPERIENCE

- 2020 **DRIVE, DHI.**
Started interning at DRIVE, DHI from 24th September, 2020.
Started working on Vehicle Information Extraction System using Image Processing technique. It is done using MATLAB and python. Initially it was carried out in MATLAB to find number of vehicles in parking lot, number plate recognition and vehicle classification. Here the images are used for input data. Then it was carried out in python. Here the movement of the object is detected to identify the vehicle. The testing was carried out in video clip.
Then the deep neural network technique is used for vehicle detection and number plate recognition. Here the dataset are prepared, it is then trained using Google Colab and lastly using deep neural network, the vehicle or the number plate is detected. The train and test dataset are images.
- 2019-2020 **FAB LAB BHUTAN .**
On the Job Training.
During this period, I have successfully learned about Rev Robotics Kit, Solid Work, 3D printing, CNC machine and Pi-top.
Also we carried out Pi-top workshop for 26 students
- 2019-2020 **Building a Sign Language Translator**
Final Year Student Project .
A hand glove that translates Dzongkha signs to audio. Arduino Mega, Flex sensors and Gyroscope are the primary components used.
- 2019 **Building a Obstacle Detector for visually impaired people using ultrasonic sensor(Mini-project).**
Arduino uno is used as the microcontroller and ultrasonic sensor is used for measurement of the a distance.
- 2019 **Developing Number Plate Recognition using MATLAB (Mini-project).**
NPR system was developed using Matlab. It is based on "Image Processing". The input image of number plate is compared with the characters stored in the template.
- 2018 **Developing Speaker Recognition (Mini-project).**
The system is developed using the Matlab. The pitch characteristics of the voice is considered. When a person speaks, the pitch of the person will be compared with the already stored data.

2017 **Building a Water Level Detection and Alarming System(Mini-project).**

If water level in a tank exceeds its threshold, the level is displayed and a buzzer indicates that the water pump should be turned off.

SKILLS

Presentations and Public Speaking	Good, <i>Can publicly express myself.</i>
Active Listening and Problem Solving	Good, <i>Am a good listener and good problem solver.</i>
Perseverance and Team Work	Good, <i>Can be a team player.</i>

LANGUAGES (& DIALECT)

DZONGKHA	Good.
ENGLISH	Good.
TSHANGLA(SHARCHOP)	Good.

TECHNICAL SKILLS

Programming Language	C-programming, MATLAB, Python, Java ,frontend language(Javascript, HTML,CSS, SCSS, bootstrap), C#, SQL(PostgreSQL).
Design and Simulation software	Orchad PSpice, Blender, Solidwork, Ultimaker Cura, Gimp, AutoDesk Eagle, Adobe XD.
Hardware	3D printer(Ultimaker),Pi-top, Arduino.

AWARDS

2007	Third position in the Quiz Competition
2008	Second position in the Quiz Competition
2009	Excellent delivery of English speech
2009	Third position in the Essay Competition in English
2009	Second position in the Extempore Speech Competition in English
2009	Third position in the Inter-House Debate competition in English
2012	Participated in Inter-House English Debate Competition
2012	Organized the Inter-House Book Questioning Competition
2012	Organized the Inter-House Extempore Speech Competition
2013	Participated in Inter-House Debate Competition
2019-2020	Organized Pi-top workshop during OJT
2016-2020	Member of Nyendrom Dang Lokzey Deykhang Club

Declaration

I hereby declare that the above mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above mentioned particular.

Level of Performance

Assessment is primarily a matter of academic judgement, and the computational structure is designed to facilitate consistent judgements. The following scale is suggested as way of relating a judgement of performance to a numerical mark.

Judgement of performance	Mark
Outstanding performance	80% and above
Very good performance	70 - 79.9%
Good performance	60 - 69.9%
Satisfactory performance	50 - 59.9%
Fail	49.9% and below

The overall mark for a student at the end of a programme reflects his or her entire performance throughout the period of study. The final mark is a combination of the overall mark of all the years weighted in the following manner:

2 – Year programme 30:70 (Year I : Year II)

3 – Year programme 20:30:50 (Year I : Year II : Year III)

4 – Year programme 10:20:30:40 (Year I : Year II : Year III : Year IV)

Recommendation Letter

To Whom It May Concern:

I am very pleased to recommend Kelzang Ugyen Dorji earned the Bachelor's Degree in Electronics and Communication Engineering programme at College of Science and Technology, Royal University of Bhutan in September 2020.

He was under my guidance for the past two years and a half, and I taught him the subjects of 'Digital Electronics and Logic Design' and 'Microprocessor and Microcontroller'. I must say he was one of the consistently excellent students in my class. He was always active and responsive in the class. In terms of pair works for practicals of my subject 'Microprocessor and Microcontroller,' he was really cooperative and hardworking. In addition, I have been guiding a group in fourth-year project work, and he was a member of my group. His group selected "Sign Language Translator" as the project theme, and he was in charge of software development on Arduino Mega 2560. The system was very complicated, but he accomplished his task.

Apart from being diligent in his academics, he was an active participant in all the co-curricular activities held at the college. For example, he was a member of Radio Club, and his knowledge of wireless technology is brilliant.

With such enthusiasm and viable qualities in him, I would highly recommend Kelzang Ugyen Dorji for your company. It's my assurance that he has all the qualifications required of this responsible position of your company. If you need further information, please send me e-mail.

Sincerely,

木 松 ~ 54
